### A) ENTERING EVENT

Electronic entry to all Lothian Car Club events is available on the web. [www.dounehillclimb.co.uk](http://www.dounehillclimb.co.uk)

The Lothian Car Club will organise and promote meetings at Doune Hillclimb. We accept entries for all the Lothian Car Club events at the start of the season.

Please ensure that if entering by post that your entry is accompanied by a cheque for the correct amount and is received prior to the closing date. Postal entries will not be acknowledged unless a written request is made and a stamped addressed envelope is supplied by the competitor and marked 'Entry Acknowledgement'.

Enquiries: Should be directed to the Secretary of the Meeting, Billy Cater, The Lothian Car Club (Edinburgh) Limited, Tel (M) 07903-508575 E-Mail [caterbl@btinternet.com](mailto:caterbl@btinternet.com)

The committee reserves the right to refuse entries for any reason.

Entries for all events open on publication of these supplementary regulations.

Entries will be accepted for the event after these regulations have been issued.

Refunds will be as specified in the Supplementary Regulations should you be unable to compete at the event. If you must cancel an entry, please advise the Competition Secretary as soon as possible. This will give others a chance to take your place.

Competitors **MUST** wear Flame Resistant shoes and gloves in **ALL** classes, and at **ALL** events at Doune. **NCR Ch.9, Art. 12.5 and 12.6.**

**Please note that scrutineering on both Saturday and Sunday will start at 7.30 am and that first practice runs will start at 8.30 am on both days.**

## **B) CLASSES**

Classes are set out in Appendix 1. All vehicles must comply with NCR technical regulations. Please check the number of the class you are entering in Appendix 1.

Due to the number of championships being catered for, the class structure may not match the championship format to which you are used. Please ensure you have a licence appropriate to the class and vehicle you enter. [NCR Ch.14, App.2, Art.1.3.](#)

A vehicle built after the period dates specified is permitted, provided it is built to the same specification as the vehicle built prior to the period date. British Leyland Minis are a good example; however, a BMW Mini would not comply.

The most recent major part fitted to a car defines its period. An example is if a gearbox only became available in 1970, then the car is from that period, not earlier. The Chief Scrutineer's decision on eligibility as judge of fact is final.

Only period aerodynamic aids are permitted. [NCR Ch.7, App.2, Art.6.10.](#)

## **C) SHARED ENTRIES**

Please mark the first and second drivers clearly on the entry forms. The first driver will run in class, and the second will generally run in the preceding batch. The same vehicle may not be entered more than twice.
