The Committee is pleased to accept your entry for the above event and your competition number is shown on the enclosed entry list, which also shows the general running order.

A final entry list and any additional information will be on the web site.

Thank you for your entry and support. The Committee hopes that you will enjoy the event and we thank you for your co-operation which will make this a successful event.

Kenny Allen Memorial meeting for historic cars including rounds of, The Bert Hadley Memorial Championship and the TR Register Triumph Speed Championship

Eligibility: It is the competitors' responsibility to ensure compliance with the eligibility of their vehicles.

Licence required: Speed or race Interclub or higher

Sign on: Sign on is now in person and physical, please remember to bring your license with you or you may not be able to compete.

Scrutineering: Scrutineering is now physical and in situ. Scrutineering will take place in the paddock and will be in class order. Please make sure you are in place and at your car with your documentation, helmet, overalls and gloves from 7.40am unless called to the drivers briefing or instructed otherwise by the Clerk of Course. Vehicles must be ready for scrutineering at the correct time with the competitor in attendance. Failure to comply could lead to a competitor not starting. **NCR CH14, App. 1, Art.4.1.**

7.30am	Officials briefing
7.40am	Scrutineering
7.50am	Drivers sign on
8.00am	Marshals briefing
8.15am	Drivers briefing
8.30am	Practice starts

Batches/Running Order: It is hoped that four batches will suffice. Double entries will be accommodated in the first batch. The area behind the start line is designated as the start line assembly area and a batch will be assembled there prior to ascent. Details of the running order will be handed out at sign on and are on the entry list. Vehicles will be held in the upper paddock until the batch is completed at which point they will be returned to the paddock under control of the Clerk of the Course. Double entries should then proceed to the start line. If you decide to return to the paddock, please drive into your position rather than reverse in. This will allow the Hill to be cleared more quickly. Optionally you can drive straight to the start line assembly area.

Returning from holding paddock. All drivers must be fully kitted in helmets, belts and gloves etc as they return down the hill. When returning down the hill cars must proceed at a slow speed. Cars must not stop when returning downhill unless instructed to do so by a waved red flag.

Runs. There will be at least one Practice run and several Competitive runs each day subject to weather and any incidents.

Starting: Push starting of cars must not be undertaken in the paddock. The Paddock marshal will guide you to the assembly area if required. Cars will be released one at a time from the start line under control of the time keeper and hill control once the previous car has reached marshals post 4.

Red Flag: If during a run you are shown a **red flag**, the following procedure must be adopted. Slow down to walking speed as quickly as it is safe to do so and stop at the next marshal's post. Do not move until given verbal instructions from the marshals at that post. The marshal will confirm that you understand their instructions, which must be complied with at all times.

Judge of Fact. A judge of fact will be appointed to determine if a driver will be allowed a re-run following an unsatisfactory start as per **NCR Ch.14, App.3, Art.2.5**

Passes: Can be collected at sign on. Mechanics must be signed on to be allowed access to the assembly and start line area and top paddock.

Tyre Protection: All single use plastic tyre protection is prohibited at Doune.

Tyre Warming: A designated tyre warming area will be marked before the start line by yellow flags beside the track. Tyre warming will only be permitted within this area. As this regulation has been introduced on safety grounds, it will be strictly enforced and your co-operation would be appreciated. All tyre protection must be removed prior to leaving the paddock.

Car Numbers: For safety reasons numbers of 6" minimum height must be displayed on both sides of each car so that they are clearly visible from marshals' posts located on both the left and right of the track. A limited supply of black & white numbers will be available at sign-on.

Motorsport UK National Competition Rules: The meeting will be held under the **NCR's** of Motorsports UK (incorporating the provisions of the International Sporting Code of the F.I.A.), the Supplementary Regulations and any written instructions that the organising club may issue for the event.

All drivers are reminded that they must wear Flame Resistant gloves and shoes at all times when they are in the car.

Cameras: Location and fitment of on-board cameras must be approved by the Chief Scrutineer. Cameras must be fitted, located and operated in accordance with **NCR Ch.7, App.9, Art.1.5.**

Newcomers: All drivers who are new to Doune are requested to make themselves known to the secretary of the meeting at drivers sign on. These drivers **MUST** walk the hill prior to the event and/or will be given the opportunity after the drivers briefing to be driven up the hill by the Clerk of the Course.

Paddock: The paddock is the field to the left of the driveway with access through the gate about halfway along the drive. Competition cars should be parked in accordance with the numbered markers which will be laid out on Friday. One support vehicle OR trailer is permitted in the paddock parked behind the competition car. All other trailers, caravans and support vehicles should be parked in the field through the gate to the right of the driveway. NO trailers or support vehicles are to be left in the Antique Centre car parks AT ANY TIME. Please keep the gate to the camping field clear and do not park within 20 metres as we may need to turn a bus.

Oil Disposal: Please remove all waste oil in a sealed container and dispose of it properly.

Litter: Black bags for rubbish are available from the Secretary of the Meeting's office free of charge. Please remove all your litter and waste from the paddock and camping area and deposit it in the skip.

Health and Safety: Legislation requires us to have a Health & Safety Plan. The competitor's supplement will be displayed at Signing-On, and copies are available from the office. By signing-on, all competitors and officials are acknowledging that they have read and understood the supplement.

Tyres: The use of List 1a & 1b tyres is permitted by those competing in the Scottish Hill Climb Championship and Lowland Championship in the Road and Modified car classes.

Methanol: Cars using methanol must use an additive such that the flame is coloured and display an orange sticker clearly on both sides of the car.

Drones: As a Motorsport UK licenced event the use of Drones is prohibited anywhere on site.

Titanium skids: All cars must be set up such that any titanium skids do not touch the track at any time.

Awards: Awards will be presented at the end of the meeting.

Caravans/Motor Homes/Tents: Camping is permitted for Motorhomes, Caravans and Tents provided that they are parked in the Camping Area. There will be a charge of £20.00 for the weekend. Competitors are asked to include the camping fee with their entry for each event. An inspection of passes will be made during the weekend. Anybody who has not booked will be able to purchase their pass at the paddock office for £10 per night.

The caravan and camping area is available from Noon on the Friday till 11am on the Monday. Competitors may also be accommodated in the paddock on Sunday night.
